

We moved from Canada in November 2011 after spending 10 years in Vancouver. This was a tough decision as me and my wife was worried for our son Ranveer. Ranveer was a sober child who had gone to only the best school's of Vancouver. Finding a school for Ranveer was a big challenge for us. After considering all the schools, we choose THE BRITISH SCHOOL as it was more or less like the same school in which Ranveer was going in Vancouver. He has been given extra attention by all the teachers. The best part is that Ranveer has started loving the school in 1 year and he puts his best efforts in the school as far as the studies go.
